Company Profile

About us

3 Decades of success.....

under the leadership of dynamic and professional entrepreneurs, Steel Forge, a leading player in forging segment, is State-of-The-Art manufacturing facility for forged and machined components out of Carbon Alloy & Stainless Steel (316L, 304L, 321, F9, F11, F22) for automotive, agri-machinery, earthmovers & heavy engineering OEM's application catering the demand of various complex and intreated forgings of our valued customers across the domestic and global market.

vision

To be leader of value added steel forgings to the Global OEM's through innovative technology.

mission

Our mission is to create a transparent and open working environment by providing effective and reliable solutions in delivering quality products and services on time and every time.

Total Area	5 Acres
Power Backup A - A sanctioned load B - Standby Power Generator	500 KVA 1 Gen. set of 380 KVA 1 Gen. set of 125 KVA
Plant Production Capacity	12000 MT/Annum
Belt Drop Friction Hammer	7 Nos. (3.5 Ton-1, 2.5 Ton-1, 2.0 Ton-1, 1.5 Ton-2, 1.0 Ton-2)
Forging Press	500 Ton
Raw Material Source	Carbon, Alloy and S.S. is procured from approved steel manufacturer only.
Metallurgical Lab	In-house meta-lab equipped for rigorous testing procedure for Physical, Chemical, Micro and Macro analysis.
Shearing of Steel Billets	Two shearing machines and two bandsaw machines suitable for shearing of billet size upto 100 RCS.
Tool Room	In-house tool room with AUTO CAD-2007 and other conventional machines for die design and development of dies, gauges and fixtures.
Heat Treatment	Continuous pusher type oil fired furnaces to perform ISO Thermal annealing and normalising. For hardening and tempering, the same is carried out at sub-contractor's end approved by NABL.
Descaling and surface finish	3 shot blasting machines are in operation for descaling and better surface finish of the forgings.
Quality control / Inspection	To insure the quality and precision dimension, a team of experienced engineers is engaged for validation of desired quality forgings.
Customer Care Cell	A technical core team of professionals in different disciplines to attend to pre and post sales services on time, every time.

We also have captive machinery arrangement to facilitates our customer's machining requirement.

we serve to :

- automotive ● agri-machinery ● earthmovers
- defence ● petro-chemicals ● refineries

Certificate

This Certificate is issued to

Steel Forge
 Plot No. 5, Sector 6
 Mathura Road
 Faridabad 121 006
 Haryana
 INDIA

who have implemented a Quality Management System, which meets the requirements laid down in ISO 9001:2008, with the following scope:

Manufacture and Supply of Forged & Machined Components (upto maximum finished weight of 80 Kg)

Certificate No. : Q8118365
 Original Issue : 05 November 2012
 Latest Issue : 05 November 2012
 Valid Till : 05 November 2015

ISO 9001:2008
